Happy 30th Birthday!

Where has the time gone? It only seems like yesterday we were building our very first home.

On June 24, 1991, Habitat for Humanity Clark & Floyd Indiana began serving families; providing decent affordable housing for low-income families.

Our first home was completed in 1993. Since then, with the support of the community over the past 30 years, Habitat for Humanity Clark & Floyd Indiana has provided over 50 homes. Together, we provided affordable homeownership which helps provide stability, encourages self-reliance, generates confidence and enhances safety and health.

Janelle Monáe said, "When you realize it's your responsibility to be a leader and create the world you want to see, you have to do it."

Habitat for Humanity took on a responsibility to create a world where everyone, everywhere, has a decent affordable home. And together with supporters like you, we are able to provide a house where a low-income family can call home. A place where children can have their own backyard to play in. A place built on the foundation of love and hope; where dreams can come true.

Here's to 30 years and counting! Thank you for being a part of us and being a force within our community. Join us on a build day or do a virtual build and donate today. Visit our website at [habitatcfi.org/donate/](https://www.habitatcfi.org/donate/) to provide support for our builds.

"Habitat gives us an opportunity which is very difficult to find: to reach out and work side-by-side with those who never have had a decent home—but work with them on a completely equal basis. It's not a big-shot, little-shot relationship. It's a sense of equality."
Jimmy Carter

City of Charlestown donates lot to Habitat

Habitat for Humanity Clark & Floyd Indiana is thrilled to partner with the City of Charlestown and Mayor Treva Hodges to build our first home in Charlestown.

“Welcoming Habitat for Humanity to Charlestown for the first time is incredibly rewarding,” says Mayor Hodges. “Our community has much to offer to new homeowners and we can’t wait to meet the family who will make a new home here.”

We plan to begin building the house in early Spring 2022. However, we may start sooner as many residents and businesses in Charlestown are already reaching out to help make this house become a home!

Located at 175 Maple Drive, the house will be a three bedroom, two bath ranch-style home. Upon completion, Habitat for

Humanity Clark & Floyd Indiana will sell the home to Aerion Irving, a single mother of two beautiful children.

Thank you City of Charlestown!

If you and/or your friends/coworkers want to learn more about scheduling a build day, Call Nichole at 812-948-1235 or visit our website at www.habitatcfi.org

Apostle Build 2021 Kicks off

On June 25, the Apostle Build Project 2021 officially got underway with the Ground Blessing Ceremony. Local churches came together to share prayers and blessings upon the ground, Habitat for Humanity, our volunteers, and all those who will help build the house.

“Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us,” Ephesians 3:20

This verse says it all and has become the theme for the Apostle Build Project. This project joins together local churches from within Clark and Floyd counties to provide time, talent and treasure to build a house for a local family.

This year’s project will build a home at 252 Jackson St in New Albany.

The house will be the future home for Angela Sturgeon and her two boys. Angela says, “Homeownership means many things to me. It means breaking a chain in my family to be the first to own my own home. Setting new examples for my children and theirs.”

It's Panel Build Season

The second quarter of 2021 had us busy building panels for home builds this year. Panel build season started off with panels built by Northside Christian Church.

The church partners with Help Build Hope, a program that is about building partnerships, building relationships, building community and building homes.

Our friends at Samtec and Heartland Payment Systems, A Global Payments Company, along with members of our board came out to help build another set of frames for us this Spring as well! Thank you NB-Develop for donating the space for our panel builds.

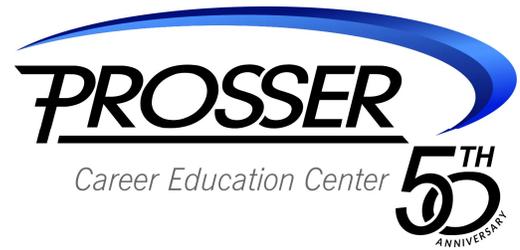

We are so grateful for the community coming together to help build hope and homes!

Building with Prosser

We are so grateful and thrilled to have partnered with Prosser students again this year in helping us out with our build at N Pearl St. New Albany. Thank you Prosser!!

New Homeowners!

Congratulations Doneiska Hardin and Felicia Wren on becoming the newest Habitat for Humanity Clark & Floyd Indiana homeowners!

Thank you Momentum Title Agency for helping with the closing.

Future Homeowners

Meet Robynn and Michel!

Want to become a volunteer? Looking for a way to give back to your community? Call us today at 812-948-1235 and learn how you can build a better tomorrow for those who need a hand-up, not a hand out.

A new beginning on Newman Ave in Clarksville

The Town of Clarksville donated property to Habitat for Humanity Clark & Floyd Indiana this past March and thanks to the land donation and a generous grant from Vectren, we have begun building the Vectren home for Donna and her daughter!

The 2 bedroom, 2 bath house started with the foundation being put down by our friends, Messer Construction. Thank you Messer Construction for always helping us out each year.

Framing has started and we hope to have it complete before the end of 2021.

TOWN OF CLARKVILLE
